Dear Colleagues

As I write I hope you are well.

We are participating in a group of researchers who are developing a Nursing History book project in Ibero-America, Latin-America, North-America, Europe and Africa. It will be an important endeavor seeking to make visible biographical aspects of Nursing professionals, health institutions, education and interfaces of areas where Nurses, Technicians and Nursing Assistants work, as well as Obstetricians and also actions related to the culture of health care. /nursing.

Regarding the first volume of the collection, the biographies will seek to perceive and highlight nursing professionals, mostly, but without excluding those who, through their actions, made it possible to make a unique professional for people.

In this sense, we are seeking to register the profession in its past and present time, including deceased professionals, but also, recognizing those who alive have made and make the profession stand out in society.

In this sense, this letter invites you to be among the professionals who will be biographed by researchers and students for the composition of this work. The structure was carefully prepared and, what we are proposing is an entry of a maximum of 5 pages, which has the term of the first structure on April 30 and a proof for the date of May 30. Our intention is to have the first entries published in June.

Thus, we reiterate the invitation to prepare an entry of your biography in which, for legality purposes, there will be the transfer of copyright to the XPTO University and, clarifying that only with the signed terms will the negotiations and schedules for the referred chapter begin. constructions.

In view of the above, we await your opinion in the next 2 days to plan a schedule of activities.
